

Finds Unlawful Combine in B.C. Fruit Marketing

Federal Investigator Alleges Illegal Association Exists Between Certain Shipping Agencies—Finds No Evidence of Combine Between Three Major Wholesale Houses

OTTAWA, Nov. 8 (P).—The Labor Department today published the report of F. A. McGregor, investigator under the Combines Investigation Act, which charged an "unlawful combine" existed in connection with the shipping of fruits and vegetables from the Okanagan Valley.

The report named Western Grocers, Limited, of Winnipeg, which it said, controlled certain fruit and vegetable shipping agencies in British Columbia.

This control, the report continued, had been obtained through secret negotiations by which Western

Grocers, through Dominion Fruit, Limited, had obtained a half interest in the Lander Company of Vernon, B.C. Lander Company controls Sales Service, Limited, representing the second largest group of fruit shippers in the Okanagan Valley, the report added.

Regarding a second charge he investigated, Mr. McGregor said no combine existed among the three major wholesale fruit houses—Western Grocers, Limited; Consolidated Fruit Company, Limited; and MacDonald's Consolidated, Limited.

These firms handle about three-quarters of the fruit and vegetable business in the Prairie Provinces and were charged with having combined to depress prices to the growers and to enhance prices to the consumers.

Mr. McGregor's report was compiled after a long investigation into the Okanagan fruit industry. It was given to the Labor Department on October 31.

The investigator's fundamental objection to the shipping setup was that "the interest of a jobber who buys fruit and vegetables from a shipper is adverse to that of a grower whose products are being bought."

Mr. McGregor stated that if the jobber has a substantial interest in the shipper, the latter could not be expected to exercise independent

control as an agent for his grower principal.

The report emphasized the secrecy which led to the investigation by Western Grocers in 1936, when it said formal provision was made for special secret, quantity discounts to be paid Western Grocers by Sales Service, Limited, and Associated Growers of British Columbia.

The commissioner declared "it is the growers who ultimately pay the quantity and net returns of the growers have been reduced by thousands of dollars annually on this account."

PLEASED WITH REPORT
By The Canadian Press
Satisfaction was expressed generally by British Columbia fruit-growing interests yesterday following publication in Ottawa of the report of F. A. McGregor, investigator under the Combines Investigation Act, in which he stated a fruit shipping combine existed in the Okanagan Valley.

"Now the Okanagan fruit industry can turn its attention to correcting the situation if there is any further need left," A. K. Loyd, president of the British Columbia Fruit Growers' Association, said at Kelowna.

Attorney-General Gordon Wismer said that he had not yet studied the report and therefore could not say what action his department would take.

Hon. K. C. MacDonald, Minister of Agriculture, said that he expected the report would enable the growers to meet the shippers and arrange a satisfactory basis for the future.

He added, however, the marketing of the Okanagan Valley fruit crop during the past year has been done under voluntary arrangement between the Tree Fruit Board and Tree Fruits, Limited.

W. E. Haskins, chairman of the Tree Fruit Board, said he thought the report would ally a certain amount of discontent, which had been felt by Okanagan Fruit Growers pending its issuance.

That will avoid overlapping, having regard to abilities of the firms in each country to fill orders. Materials which would entail heavy capital expenditures and much delay to produce in Canada will be bought in United States.

It is not anticipated there will be any volume production of aircraft engines in Canada, but the fuselages will be constructed here in large numbers. Motors will be imported either from the United States or England.

ORDERS FOR SHIPYARDS
Shipyards are expected to get substantial orders for a type of anti-submarine craft known in Great Britain as the "whale catcher," steel vessels about ninety feet long, powered either by steam or Diesel engines.

These craft will be armed and will carry depth charges to fight submarines. They will be speedy, but not in the class of the mosquito fleet of shallow draft, fast motor boats which, it is understood, will also be made here.

It is believed about ten of these "whale catchers" will be made for the Canadian Government as well as a larger order for Great Britain. Straight munitions orders will probably be announced within a few days. These will include barrels for anti-aircraft guns and ammunition of all types. Facilities for their manufacture are already available.

Col. Greenly said. Airplanes manufactured here for Great Britain will probably be shipped overseas without motors, since England will be one of the main sources of engine supply. But a considerable number of motors will be brought to Canada to be used in testing aircraft before shipment.

Auxiliary Services Will Direct Welfare Efforts for Troops

Brigadier W. W. Foster Declares Here Object Is To Provide Spiritual, Educational and Recreational Amenities for Men in Ranks

"THE well-being of the man in the ranks is now a factor of greater consideration than ever before in the history of war," declared Brigadier W. W. Foster, D.S.O., recently appointed director of auxiliary services under the Minister of National Defence, while on a visit here yesterday.

The main object of the auxiliary services is to provide spiritual, educational and cultural aids for the fighting men, he said. "It must be our aim so to conduct the lives of those young men that they may be fitted physically and mentally for the task that lies ahead; and complementary to this endeavor, that we should try to equip them so that when the bright day comes when they shall once more be returning to civil life, they will do so better men than when they joined His Majesty's services," Brigadier Foster stated.

POST-WAR IDEA
He said that the idea of auxiliary services originated in Great Britain after the last war, but declared that the organization being set up in this country represented a considerable expansion of this idea. "Our job is to provide all possible amenities to those who serve, not previously provided through ordinary military, naval or air force channels," he said.

These amenities will include sports, canteens, entertainments of various kinds, recreational huts and facilities of an educational and religious nature, the brigadier indicated, and will not be confined to Canada, but will be available to Canadian troops in England and France.

The director of auxiliary services will have supervision over the activities of all national and local organizations working for the welfare of the forces, it was learned. The Canadian Legion, Daughters of Empire, Knights of Columbus, Red Cross, Salvation Army, Y.M.C.A., Y.W.C.A., Canadian welfare agencies, local and provincial libraries, and other organizations will function under the auxiliary services branch, which will co-ordinate and direct their efforts.

VARIOUS SERVICES
Among the services being established for the welfare of the forces by various organizations are family allowances, education, in conjunction with the Canadian Association of Adult Education; soldier concert parties; operation of canteen, field comforts, books and magazines; chaplain services; medical and hospital supplies through Army Medical Corps; Salvation Army huts; recreational huts for reading and writing; sports and entertainment; hostess service for visiting relatives; and other facilities.

Brigadier Foster pointed out that creation of the auxiliary services branch would eliminate duplication of services being offered all over the Dominion by various organizations anxious to take part in welfare work for the forces, and would result in the maximum service being available with an elimination of wasted effort.

The auxiliary services were not connected with the survey of returned soldiers recently conducted by him as president of the Canadian Legion, Brigadier Foster said. He frequently receives inquiries from war veterans regarding guard duty, he stated, which work is now in the hands of the R.C.M.P. and Provincial Police forces.

SERVICES OFFERED
"The National Veterans Survey was undertaken so that a definite offer of service might be made to the Government of Canada on behalf of the returned men and it resulted in 70,000 veterans offering their services in any capacity connected with internal security," he said. "That registration has now been turned over to the police forces, and veterans will be called on as they are required."

He said, however, that the national volunteer organizations working under the auxiliary branch would utilize the services of returned men in such capacities as looking after canteens and operating concert parties.

While in the city Brigadier Foster visited Brigadier J. C. Stewart, district officer commanding, and Captain V. G. Brodeur, captain-in-chief, Esquimalt Naval Establishment, and conferred with Canadian Legion and other organization officials.

He expressed himself as well pleased with the work of the Canadian Legion, which he said was doing a splendid job of looking after the needs of the returned men.

EDUCATIONIST DEAD
NEW YORK, Nov. 8 (P).—Dr. Livingston Farrand, seventy-two former president of Cornell University, died tonight at the New York Hospital. He had been president emeritus of Cornell since his retirement in 1937.

Unemployment, continued His Worship, had not lessened, either in boom times or in depression, in peace or in war. It was the challenge of the age. The problem was economic and not political. Means should be found to give access to work to unfortunate who were now idle, and subject to a decline in their moral and potential values. In respect to those who had worked before the state should be prepared to create work, without fear of any strain on the economic system.

SUGGESTS LAND PLAN
He would suggest that the Province set aside provincial lands for the use of unemployed persons who wished to take up farming; give free title to the land, and subsidize cooperative exchanges, whereby such settlers could purchase necessities. Federal and provincial funds could be used to supply equipment, and insure the success of such a scheme, which should be diversified rather than concentrated at any one point. The Mayor Telford said, was admittedly an experiment, but the Province should be willing to experiment to find a solution of the problem.

His Worship criticized the Government's plan to drill for oil in the Peace River. It was proposed to ask the Legislature to vote some \$400,000 for a project which, in his opinion could not succeed. The Administration should think twice before committing itself to the plan. With a cost of 98 cents per hundredweight for the carriage of oil from Turner Valley, what would the cost be in connection with the Peace River, he asked.

As against anything British Columbia could produce, oil was being imported into Ontario and laid down there for 63 cents a gallon; in Alberta at 77 cents a gallon, and in Saskatchewan at 77 cents a gallon. He had no objection to the Government going into the gasoline business, but this attempt would not be business, Mayor Telford concluded.

Mayor Andrew McGavin Interested
In Manufacture of Poppies
And Wreaths

Mayor Andrew McGavin, accompanied by Aldermen W. H. Davies, B. J. Gadsden and Duncan D. McTavish paid an official visit to the Red Cross workshop yesterday to inspect the manufacture of Remembrance Day poppies and wreaths for distribution throughout the province.

Those greeting the Mayor and his party were Alderman S. H. O'Neil, managing director of the shop; Harold Butterfield, manager of the poppy campaign here; Charles Hensley, chairman of the workshop committee of the Red Cross; Lieut-General Sir Percy Lake, K.C.B., K.C.M.G., and P. W. Jones, committee members.

Alderman O'Neil conducted the party through the shop, where they saw disabled war veterans manufacturing wreaths and poppies and at their tasks in woodwork, metal-

work, picture framing, chair making and tin-smithing.

Mayor McGavin complimented the veterans, the shop management and the Red Cross on the excellent quality of work turned out. But for the Red Cross, he realized that the artisans would be unemployed. He wished them every success in the future, and expressed hope that the poppy campaign would receive wide support.

Deprived of his sight when a youth, Charles W. Lindsay studied piano tuning, and gradually built up the musical instrument sales company bearing his name. Joint Committee Is Clearing House for War Supply Orders

Importance of Office Stressed at Chamber of Commerce Meeting—Co-ordinators Review Industrial Survey—R. W. Mayhew, M.P., Speaks

USE of the office of the co-ordinators appointed by the joint committee on wartime industrial production, as a clearing house through which all requests and orders from the British Trade Mission and the Canadian War Supplies Board might be handled, was urged by R. W. Mayhew, M.P., and other speakers at the quarterly membership luncheon of the Victoria Chamber of Commerce, held yesterday in Spencer's dining-room.

Mr. Mayhew revealed that he had written to Wallace Campbell, chairman of the War Supplies Board, suggesting that the committee be used as a clearing house, in order to simplify the work both here and in Ottawa, and pointed out that both money and time would be saved and confusion avoided if this suggestion were followed out. Subsequent speakers applauded the idea, which they thought would facilitate the contribution that Victoria manufacturers might make towards the prosecution of Canada's effort in the war.

During a discussion on what further action might be taken by the members relative to the war, Ray V. Anderson, of the Junior Chamber of Commerce, suggested that a weekly radio programme be sponsored, featuring debates or discussions of current activities.

LOCAL PARTICIPATION

Called principally to hear J. A. Heritage and J. E. Goldring, co-ordinators, review the results to date of their war industrial survey of Victoria and Vancouver, members of the Chamber of Commerce listened with interest as the possibilities of local participation in supplying wartime necessities were discussed.

Duncan MacBride, president, commenting on the role that the Chamber of Commerce might play to assist in war production, spoke of the criticism heard as to governmental war aims, and said that "never was an issue more clear with regard to our country being at war than today."

"We cannot, as businessmen, afford to see the British Empire and Canada plunged into war every twenty or twenty-five years by the dictates of a form of government such as we have opposing the Empire today; nor can we as men see, and not take part to prevent it, a recurrence of war which means the slaughter of youth, the capital asset of our nation," Mr. MacBride declared.

WAR OBLIGATION

Mr. Mayhew, president of the British Columbia section of the Canadian Manufacturers' Association, reviewed the creation of the joint committee by the Victoria branch of the C.M.A. and the local Chamber of Commerce, and stated that he had asked the provincial representative at Ottawa to see that all orders and requests for Vancouver Island came through that committee.

"If you give this committee a chance, Victoria will be able to do as nobly as she did in the last war. It is not only an opportunity for, but an obligation to members of the community to take up their share of the war burden," Mr. Mayhew said.

Expressing the opinion that Victoria and British Columbia in general had been overlooked as a source of war materials for a long time during the last war, R. L. Challoner, president of the Victoria branch of the C.M.A., paid tribute to the business and technical ability of Messrs. Goldring and Heritage, whom he introduced as "public-spirited gentlemen acting without remuneration."

FEW REGISTRATIONS

Mr. Goldring related that the co-ordinators had visited over twenty plants and received numerous offers of assistance, but "relatively few registrations from manufacturers." He said he found a sincere desire to be of service, apart from the object of securing business and creating employment. He stressed the importance of the committee as a clearing house to facilitate Victoria receiving her share of war orders.

"We found a little slowness in some of the manufacturers coming to us, so we had to go after them," Mr. Heritage said. He urged that full advantage be taken of the co-ordinators' office to register contacts made during their survey, showed that many shops and manufacturers producing wartime goods were well adapted for war production.

MUNITIONS UNLIKELY

Saying that it was unlikely that shells would be made in Victoria, the need being more for ships and machinery, he declared that "it looks as though before long we will have a lot of work going on here. Inquiries are now coming in, and if we tender and our prices are right, we will get the business." He added that many shops were well equipped.

Langford Legion Branch Meets

W. Aldorf presided at the meeting of the Prince Edward Branch, No. 91, Canadian Legion, held in the Legion Hall at Langford, on Tuesday evening. Herbert Griev was elected secretary for the balance of the year, in place of W. Maughan, who resigned. The members will meet at the Langford Post-office at 10:45 a.m. on Sunday for church parade to St. Matthew's Church, Langford. The branch decided to parade on Saturday, with returned men in Victoria to the Cenotaph, where they will be reviewed by the Lieutenant-Governor.

What is true of a shopkeeper is true of a shopkeeper's nation. Nine years later, the economist, Adam Smith, in his classic, "Wealth of Nations," averred:

"To found a great empire for the sole purpose of raising up a people of customers may at first sight appear a project fit only for a nation of shopkeepers."

On August 1, 1878, Samuel Adams, in a speech delivered at the State House in Philadelphia made a similar reference—and from then on the words became full of them.

Painful Boils
Bad Blood the Cause

When boils start to break out on different parts of the body it is an evidence that the blood is loaded up with impurities.

Just when you think you are rid of one, another crops up to take its place and prolong your misery.

All the lancing and poulticing you may do will not stop more coming.

Why not give that old, reliable, blood purifying medicine, **Baptiste's Blood Purifier**, a chance to banish the boils? Thousands have used it for this purpose during the past 60 years.

Take B.B.P. and get rid of the bad blood and the boils too.

How It Started

A NATION OF SHOPKEEPERS

It means England, about which, at least there is no question; but as to who is entitled to credit for this famous phrase is moot.

Used contemporaneously by many well-known late eighteenth century writers and statesmen, this characterization of the British people may have been in circulation at the time or previously; certainly it would be hard to attribute its authorship to a specific individual.

In a tract published in 1766, John Tucker, Dean of Gloucester, seems to have started rolling the ball of recorded literary usage by writing:

"A Nation of Shopkeepers"

"Safe in the Arms of Jesus"

"Sleep On, Beloved"

"I am a Shopkeeper"

"I am a Shopkeeper"

"I am a Shopkeeper"

"I am a Shopkeeper"

"I am a Shopkeeper"

"I am a Shopkeeper"

LADYSMITH BRANCH OF RED CROSS WILL CONDUCT CAMPAIGN

LADYSMITH, Nov. 7.—The Ladysmith Branch of the Red Cross Society is in a healthy and energetic condition and the work is being encouraged by the offer of J. C. Rhinagreen, superintendent of the Comox Logging Company, to grant the use of one of the company rooms

on Galtree Street as a workshop, after it has been made into comfortable quarters.

A subscription drive is about to be launched and a street-by-street canvass will be made for funds.

The temporary executive, headed by Mayor W. W. Walkem as chairman, Mrs. W. Cooil as treasurer and Miss C. Morrison as secretary, will probably function until after the New Year, when a full slate of annual officers will be elected.

Try a Quicker Way to Ease RHEUMATIC PAIN that Does Not Harm the Heart

Here's the Safest Fast Relief for Pain
you can use

Aspirin's fast relief can change your whole day. In 3 seconds by step watch on Aspirin tablet starts to disintegrate on touching moisture. What happens here happens in your stomach.

Once you experience the fast relief Aspirin brings, you'll never forget it. Its speed is actually startling! Almost the instant an Aspirin Tablet touches moisture, it's ready to go to work. It takes hold of any neuritic or rheumatic pain at once and relieves it. Aspirin is rated the safest fast pain relief you can use. Even when you use it frequently, doctors approve it because it does not harm the heart. So there's no point in taking chances with "pain killers" and strong drugs whose effect you are ignorant of. Get the wonderful speed and safety that have convinced millions that Aspirin is the only thing to use. Aspirin is made in Canada and "Aspirin" is the trade-mark of The Bayer Company, Limited.

offer of King Leopold and Queen Wilhelmina had gained its point.

Observers said they felt the offer would increase difficulty of any immediate violation of Belgian or Netherlands neutrality that might have been intended by the warring powers.

Some military precautions have been taken in the last twenty-four hours, the spokesman said, including routine calling of several thousand men to the colors.

FRIGHTFULNESS AGAIN

LONDON, Nov. 8.—British diplomatic quarters reported they had learned from an impeccable source that Germany had set out to frighten Belgium and The Netherlands by first massing troops on their borders and then spreading rumors throughout the neutral capitals of the world that a new Reich invasion was due.

This disclosure, it was stated, threw a new light on the Belgian-Netherlands peace appeal.

Diplomats believed the Nazi propaganda strategy was aimed either at bringing about the action taken by the two rulers or at provoking some gesture by the Allies or the low countries which would furnish a pretext for armed German attack.

They predicted the British reply would be a "courteously worded re-statement of Britain's main conditions for re-establishment of peace—reparation of the wrongs committed against Poland and Czechoslovakia, and establishment of guarantees against future aggression."

Lord Halifax consulted twice with French Ambassador Charles Corbin on the problem of sending a reply. The question was also studied at the regular weekly meeting of the Cabinet.

long, but so we are prepared never to capitulate. Everything is thinkable, but one thing won't happen—Germany never will capitulate.

He told his followers that today "A British Minister, with tears in his eyes, says, 'Oh, how we would like to have an understanding with the Germans if only we could have faith in their leaders' words.' The same thing I would like to say."

"How I would love to make peace with the English if I could find one statesman whom I can believe. But we have been lied to and cheated. Where is the promised freedom of peoples? Where was the self-determination of the nations? Where was the renunciation of reparations? Where was the joint solution of the colonial problem?"

Turning to the Polish campaign, Hitler observed:

"The Polish war wasn't a walk-away. The Poles fought bravely. It was, after all, a nation of 33,000,000. Nevertheless, in eighteen days it was destroyed and compelled to capitulate."

Mayor Andrew McGavin and City Solicitor Visit Government House Committee

Incorporation of an amendment to the Victoria section of the Municipal Act, giving the city power to install parking meters at any time, was sought by Mayor Andrew McGavin and Forrest L. Shaw, city solicitor, during a conference with the municipal committee of the Provincial Legislature yesterday morning.

Power was also sought to mimeograph the annual voters' list, and to issue duplicate debentures in cases where debentures had been lost, to or destroyed.

Mayor McGavin also asked for an amendment to the Municipal Act, covering increased trade licence fees in respect of any business where work or services were performed outside a municipality, and for power to receive nominations for a by-election on the same day as nominations for a general election.

All the Municipal Act amendments sought by the Mayor were passed at the meeting of British Columbia Municipalities' convention here on October 19.

Drop Plans for Press Conference

TORONTO, Nov. 7 (CP)—The sixth Imperial Press Conference, which was to have been held in Ottawa during the week of August 5 next, has been postponed because of the war.

The council of the Empire Press Union has notified the Canadian section of the union of the postponement of the gathering, which would have brought sixty delegates from the United Kingdom and the Dominions and Colonies to Canada with their wives.

The last Imperial Press Conference held in Canada was in 1920 and this meeting was one postponed from 1915 because of the Great War.

SHOW INTEREST IN RED CROSS

Lieut.-Governor and Mrs. E. W. Hamber Visit Distributing Room, Belmont House

The recently-opened distributing center of the Red Cross Society in Belmont House was visited yesterday morning for the first time by Hon. E. W. Hamber, Lieutenant-Governor, and Mrs. Hamber, who spent nearly an hour inspecting the details of what is in effect, the nerve centre of all the Greater Victoria Red Cross wartime activities.

Greeted by Brigadier-General J. G. Austin, president of the district Red Cross, Col. R. S. Worsley, honorary secretary; Rt. Rev. H. E. Sexton, Bishop of Columbia, and other members of the executive, His Honor and Mrs. Hamber showed great interest in the workers, equipment, supplies, materials, and the finished articles.

Actual working operations are in charge of Mrs. A. J. Dallain and Mrs. J. L. Grimison, whose experience in Red Cross work of similar kind during the last war is proving invaluable. The furnishings of the spacious hall, which measures 75 x 54 feet, were made by the Red Cross Workshop.

INSPECT ACTIVITIES

At the first table, Mrs. Sexton and Mrs. Charles Williams were found in charge of surgical pads and other hospital supplies. At the next table, in charge of Mrs. M. E. Langford, hospital gowns, cut out by Hall & Co., were being assembled ready for distribution to the district units, where they will be stitched. Nearby was a consignment of wool, samples of that to be used eventually in the manufacture of socks, sweaters and scarves for the troops. Knitting is already under way. Mr. and Mrs. Hamber watched with interest the operation by Miss Lucy Angus of the little sock-knitting machine which was bought by the Red Cross during the first Great War.

On the north side of the hall were inspected the stores of new materials, such as unbleached cotton, flannelette used for pyjamas, middy twill, Canton flannel for hospital bed gowns, and cheesecloth; and the section containing garments ready to be issued.

The visitors were interested to learn that one sewing machine, in charge of Mrs. Thomas, is in constant use making samples of everything that the Red Cross manufactures. These, it was stated, are available on application by the various district units.

Mrs. Mae Rice and A. M. D. Fairbairn accompanied His Honor and Mrs. Hamber.

Miss Paddon Is Married to Rev. M. Bruce

The marriage was quietly solemnized in St. John's Church at 2:30 o'clock yesterday afternoon between Dorathoe Locke, youngest daughter of the late Canon W. P. Locke, Paddon, Mayne Island, and of Mrs. Paddon, "Kyrton," Greenwood Avenue, Esquimalt, and Rev. Montague W. J. Bruce, "Liswyn-y-Mor," Mount Newton Crossroad, Saanichton.

Bridge Party Nets \$850 For Red Cross Society

Government House Scene of Delightful Social Function Attended by 500 Players—Contests Won by Mrs. Benning and Mrs. Colclough

The first large scale social activity in aid of the Red Cross Society was the bridge party yesterday afternoon at Government House, where, through the kindness of Mrs. E. W. Hamber, 126 tables of play were in progress during the afternoon. A number of hostesses, who had been unable to make reservations before the list was closed, arranged tables in their own homes in aid of the general fund.

The tables were set up in the ballroom, drawing-room and smaller sitting-rooms of the house, as well as in the ballroom balconies and sunroom, a beautiful background of chrysanthemums adding to the charming appearance of the scene. Tea was served in the dining-room and the lower smoking-room, where the long buffet tables were decorated with huge bowls of amber and rust-colored chrysanthemums. In the entrance hall were banks of potted chrysanthemums, and in the drawing-room a color scheme of old gold and yellow was carried out in the floral arrangement.

FINANCIAL RESULT

As result of the party approximately \$850 will be given to the Red Cross Society, although the final count will not be completed until tomorrow. A radio, the gift of Mrs. Hamber, and disposed of during the

afternoon for the general fund, was won by Mrs. J. W. Benning, and a two-tier Christmas cake, which was also the gift of Mrs. Hamber, which had been made and decorated by the chef at Government House, was won by Mrs. B. Colclough. The cake weighed twenty pounds and twelve ounces.

Mrs. Hamber wore a becoming gown of grape-wine crepe, the neckline accented by bead and sequin trimming of harmonizing shades. She was assisted in seating the guests and with the general arrangements by Captain W. H. Molson, Brigadier J. Sutherland Brown, Mr. Hew Paterson, Mr. A. M. D. Fairbairn and Captain J. O. Cromack, and the wives of His Honor's aides, including Mrs. Sutherland Brown, Mrs. Paterson, Mrs. M. W. Turner, Mrs. Molson, Mrs. Hugh Allan, Mrs. C. E. Donaldson, Mrs. J. R. Kingham and Mrs. N. Van der Vliet.

The special committee for the party was headed by the general convenor, Mrs. Alfred Carmichael, and included Dr. Olga Jardine, Mrs. H. B. Robertson, Mrs. J. D. Hunter, Mrs. James Adam, Miss Mary Campbell, together with Mrs. Donald Campbell, Mrs. W. F. Munro and Misses Jean Lennox, Terese Todd, Margaret Hughes, Ethne Savage and Mary Worsley.

mother, only members of the immediate family were present at the reception at "Kyrton." Mr. and Mrs. Bruce left during the afternoon for a wedding trip to California, the bride wearing an imported navy blue and grey woolen ensemble with matching accessories. They will make their home at Mount Newton on their return. The bride's brother, Mr. Francis Locke Paddon, Nelson, B.C., and Mr. Wedham Locke Paddon, Quick, B.C., were guests at the wedding.

Conveners Of Bazaar Appointed

Plans for the annual parish bazaar were discussed by the senior subdivision of the Victoria Catholic Women's League at the monthly meeting held in the library of the Bishop's House recently. Conveners were named as follows: Mrs. W. McManus, fancy work; Mrs. deBlaquiere, refreshments; Mrs. Blair Reid, dolls; Mrs. Sabon, Christmas cake; Mrs. Hartnell, aprons; Mrs. Masterston, home cooking; Mrs. Grant, embroidered cloth. Plans for a social evening, to be held in the parish hall on Tuesday next, were left for Mrs. Horvay and Mrs. Porter to complete. All C.W.L. members are invited.

The chaplain, Rev. Father A. J. Gaudelet, asked the support of the mothers in having their boys attend the meetings and rehearsals of the Cathedral Boys' Choir. The programme for the Remembrance Day service on Saturday was outlined. All parish organizations will be included. Pontifical High Mass will be celebrated at 11 a.m. by Bishop Cody in memory of the dead in the last Great War and in the present conflict. A poppy wreath will be placed above the memorial tablet in the cathedral and all attending are asked to wear their poppies.

RED CROSS WORK

Mrs. Fitz Gibbon addressed the meeting on the work of the Red Cross and the home-nursing course, and urged support for the Community Chest. Mrs. Blair Reid, diocesan president of the C.W.L., moved the vote of thanks to the speaker. Bishop Cody also thanked the speaker and made an appeal for unity and co-operation. Mrs. McManus gave a report on the voluntary registration of women in the cathedral parish for service to their country.

Mrs. Couture and Mrs. Batty were named to fill the two vacancies on the executive. Mrs. A. Costelloe, assisted by Mrs. Sullivan, will visit the hospital during the month.

REWARD FOR
BEST GARDENSection Foreman at Mission
Presented With Cheque
By Rail Official

MISSION, Nov. 8.—C. A. Cotterell, assistant general manager, Canadian Pacific Railway, today presented his cheque for \$50 to Section Foreman J. E. Danielson, of Mission, as his reward for the best garden in the British Columbia district of the railway for the current year.

The Mission maintenance-of-way man succeeded J. Millership, section foreman at Arwawa, near Penticton, who won the prize last year.

Other prizes which have been distributed by Mr. Cotterell in connection with the annual competition conducted on the district are:

Best old garden visible from tracks: Vancouver division, I. A. Gulland, section foreman, Keefer; Revelstoke division, J. Ross, section foreman, Bull River; Kootenay division, R. Belanger, agent, Kimberley; Kettle Valley division, W. Yanny, section foreman, Thalia.

Best old garden not visible from tracks: Vancouver division, M. E. Anderson, machinist, Coquitlam; Revelstoke division, J. Ross, section foreman, Bull River; Kootenay division, O. Johnson, section foreman, Procter; Kettle Valley division, F. Parsons, section foreman, South Penticton.

More than 1250 gardens brightened the C.P.R. right-of-way between the Pacific Coast and Great Lakes this year, and a total of \$1200 was disbursed in prizes by the Canadian Pacific in connection with its district garden contests in Manitoba, Saskatchewan, Alberta and British Columbia.

SKIPPER DIES ON
GREAT LAKES TUGCaptain John Oling Loses Life
When Badger State Founders
Off Michigan Port

CHARLEVOIX, Mich., Nov. 8 (AP).—Captain John Oling lost his life and two others were rescued early today when the tug Badger State foundered in Lake Michigan during a forty-mile gale, which drove snow and rain before it.

The freighter Carl D. Bradley picked up the survivors and the body of Captain Oling, who apparently was swept overboard by heavy seas when the men took to a small boat. The rescued men were Jerry Neville, engineer, and Chris Nelson, deckhand.

KOOTENAY BELLE
VANCOUVER, Nov. 8 (CP).—Company officials at Kootenay Belle Gold Mines, Limited, today reported production for the month of October was valued at \$68,000—highest of the year—compared to \$66,000 in September. The company milled 4,340 tons of ore, as against 4,510 tons of ore milled in the previous month.

Byrd Snow Motor
Stalls Again on
Way to Seacoast

BOSTON, Nov. 8 (AP).—Probably that Admiral Richard E. Byrd's giant snow cruiser, stalled again in New York State, would not reach Boston in time for transportation to Antarctica, appeared today when the skipper of the motorship North Star said he had orders "to aim for sailing tomorrow night."

It appeared impossible the snow cruiser could reach Boston before next week.

AUSTRALIAN SHIP
ON SECOND VOYAGE

The motorship Parrakoola, which sailed from Pacific Coast ports last week, is completing her second round trip to the Pacific Coast this year, and is expected to make at least one more before assuming her regular run from Australian ports to Europe.

She carried a full load of freight and a capacity passenger list. Cargo on this vessel included heavy lumber shipments, a large part of which was stowed on the main deck, and several thousand drums of oil, destined for Australia.

Along with the Parrakoola's running mates, the Kookaburra and Goonawarra, the Pacific-Australia Direct Line has provided the most motor vessels of this type yet known to the Pacific Coast—"down under" service.

JAPANESE VESSEL
HAS FLAG ON HULL

Bound for Vancouver, the Nippon Yusen Kaisha liner Hikawa Maru passed William Head quarantine station from Yokohama at 4 o'clock yesterday morning. In conformity with practice aboard other vessels of the fleet she bore a large Japanese flag painted on her hull just above the waterline.

Aboard the vessel were nine passengers for the Mainland and fifty-two for Seattle. Her cargo of 1,610 tons included 386 packages of raw silk.

NOTICE TO MARINERS
Mariners are advised that the unwatched beacon light on Rebecca Rock, Strait of Georgia, B.C., is reported not burning.

This aid will be relighted as soon as possible.
A. W. R. WILBY,
Agent, Dept. of Transport,
Victoria, B.C., November 7, 1939.

Export Air Lines Asks Permission to Operate Route Between New York and Rome

WASHINGTON, Nov. 8 (AP).—American Export Air Lines, Inc., of New York, asked the United States civil aeronautics authority yesterday for permission to establish a transatlantic route between New York and Lisbon, Valencia and Rome.

Gerald Brophy, counsel for the company, said it sought at this time only a temporary certificate for the New York-Lisbon-Valencia-Rome route, but predicted "it might blossom into a permanent operation."

The company has pending an application for two other transatlantic routes—one from New York to Southampton, via Poyanes, Ireland, and the other between New York and France.

What Today Means
"SCORPIO"

If November 9 is your birthday, the best hours for you on this date are from 10:15 a.m. to 12:15 p.m.; from 2:15 p.m. to 4:15 p.m.; and from 8:15 p.m. to 10:15 p.m. The danger periods are from 8:15 to 10:15 a.m.; from 4:15 to 6:15 p.m.; and from 8:15 to 10:15 p.m.

Imagination may cause many people to misconstrue the attitude of some of their closest friends this day, so do not let vague thoughts mislead you. Try to be a little judiciously applied may help you to get some desired result. Levity, at the wrong time will be offensive, so be serious when the occasion calls for it and you will keep out of trouble. Experience may be a good teacher this day, and it might be well to take whatever lesson she gives you to heart. Married and engaged couples, and those whose thoughts have been diverted by cupid along matrimonial lines, might do well to remember that a frown is sometimes a danger signal which is not wise to ignore.

If you are a woman and November 9 is your birthday, do not play with fire if you wish to escape its devastating influences. Treasure your friends, and accord them the same degree of loyalty you expect from them. Avoid taking short cuts or you may find yourself in a long circuitous maze. To get results you must work consistently, leaving nothing to chance or circumstance. The easy way is usually down hill, and it is the upgrade climbing that tests the stamens of those who wish to reach success, and who want to look back with gratification, over the trail of their accomplishments. If you like selfing, teaching, writing, politics, dramatic work, business management, lecturing or a commercial life of activity try to engage in the profession or business that appeals to you, and the probability is that your advancement will be rapid and your remuneration above the average.

The child born on November 9 has often a remarkably sweet disposition, a craving for affection and a fondness for companionship. Such children must not be left to their own resources too often for amusement, for loneliness might have a depressing effect upon their natural high spirit.

If you are a man and November 9 is your natal day, make sure that your inclinations are good before following them, if you are ambitious and wish to make your way in life. Fame and fortune may be won

ENGLISH LADS LIKE
CANADIAN FOOTBALL

PORT HOPE, Ont., Nov. 8 (CP).—Eleven students at Trinity College School here, driven from their English private schools by the war, are adjusting themselves to the Canadian mode of living and find it quite acceptable. Especially are they attracted to Canadian football.

Out of the group of eleven, eight chose the completely unfamiliar Canadian game in preference to soccer.

The youths, ranging in age from twelve to eighteen years, admit the forward pass introduces an element into the game that they find exciting and unpredictable and it frequently confuses them still, they said.

"Did you go to the doctor the other day, John?"
"Yes, I did."
"And did he find out what you had?"
"Very nearly."
"What do you mean—very nearly?"
"Well, I had \$10.00 and he charged me \$8.00."

DARDANUS FORCED
DOWN ON WAICHOW

Unofficial Report States Imperial Airways Plane Compelled to Land by Gunfire

HONGKONG, Nov. 8 (AP).—The British Imperial Airways liner Dardanus was forced down yesterday on the Japanese-occupied island of Waichow, off the South China coast, and unofficial French agents today said Japanese gunfire compelled her to alight.

Her passengers were O. Cuevas, Puerto Rican employee of the Intercontinental Corporation of New York; two Britons, a Norwegian and an Iranian (Persian). British officials are investigating.

The Dardanus, piloted by an Australian named Wilson, was en route from Hongkong to Hanoi, French Indo-China. Waichow is 200 miles northeast of the latter. The report of gunfire came from nearby Fort Bayard in the French Kwangchow-wan-leased territory.

THREE CAUSES OF STOMACH AND INTESTINAL ULCER

In my student days, we used to make up tables of the symptoms of the various diseases of an organ—stomach, heart, kidneys—and tried to remember which of these symptoms were found in each disease. Thus in diseases of the stomach—ulcer, cancer, chronic inflammation—we thought of the pain, presence, absence and amount of gastric juice, appearance of the face, and other symptoms. Since that time there has come the X-ray and the gastroscope (which allows the physician to see the lining of the stomach).

What we did not know in former days and what we are rapidly learning now is that many ailments are due to the general make-up—nervous and emotional—of the individual, and that it is this make-up which brings on symptoms.

Thus Dr. T. Grier Miller, Philadelphia, in Virginia Medical Monthly, says:

"Ulcer can no longer be regarded as a local disease of the stomach or intestine. The modern physician must concern himself with the person who has the ulcer, with his heredity, with his physical, mental and emotional make-up, with his surroundings and social standing and with his personal habits of life."

This does not mean that the high-strung, nervous, emotional individual is bound to develop stomach ulcer, but that he is more likely to do so when he is attacked by infection or eats the wrong kinds of food.

Drs. Clarence P. G. Brown, Chicago, and Ralph E. Dolikar, Boston, in The Journal of the American Medical Association state that the investigation of 1,500 cases where ulcer returned after having healed showed that in order of importance the causes were (1) nervousness, including fatigue and anxiety; (2) acute indigestion such as a cold, infected sinus, abscessed tooth, or acute indigestion; and (3) the things

B.C. Chapters Hear Reports At Convention

NANAIMO, Nov. 8.—Two hundred delegates from different chapters in British Columbia attended the semi-annual convention of the Provincial Chapter of the Imperial Daughters of the Empire here today, with Mrs. Frank Stead, of Vancouver, in the chair. The annual meeting will take place in Victoria. Three local hostesses, Mrs. J. H. Stead, Mrs. J. H. Stead, and Mrs. J. H. Stead, entertained the delegates at a banquet in the Hotel Melaspina this evening.

In his report Dean Bolter, of the University of British Columbia, stated that eight war memorial bursary students were making satisfactory progress, and that three of the professional staff at present in the university had their higher education made possible by the same I.O.D.E. memorial bursary fund.

Among those attending the meeting was Mrs. H. L. Landry, of Prince Rupert, regent of the municipal chapter there, who, during fourteen years' continuous membership in the

order, attended for the first time the provincial meeting here today.

Mention was made of the Creston, B.C., chapter recently organized, which received its charter at noon, and on the same evening held a banquet that netted \$275.

Speaking of the archives of the chapter, Mrs. Curtis Sampson, of Victoria, mentioned that the Triple Entente Chapter, Vancouver, organized twenty-five years ago with a starting membership of twenty, had raised \$25,000. She urged other chapters to complete their historical data.

A resolution unanimously endorsed authorized the Provincial Chapter to start an active campaign to bring to the attention of the people of Canada—their rightful privileges in a British democracy.

Mrs. W. A. Sutherland, Vancouver, gave an outstanding address on "Problems in Canadian Unity." Mrs. P. E. Corby was applauded for an address in which she gave a comprehensive summary of the present crisis, mentioning women's place as assistants. Today nations looked upon war with deepest horror, as compared with a decade ago, when they approached it gaily, she added.

Women's Institutes

PARKSVILLE
The sum of \$18 was realized by the Parksville Women's Institute from the telephone bridge party, it was reported at the meeting of the institute held recently. The Government grant had also helped to swell the general fund since the last meeting. It was suggested that another telephone bridge party be held in the near future. The following officers were nominated: Mesdames Tryon, Wilcox, Elliott, Morgan, Overy, Gill, Everett, Yule and Johnson. A comprehensive report on the district conference at Courtenay was given by the delegate, Mrs. Gill. Mrs. Tryon gave a report on the elections at the con-

ference, at which she had been elected president of the district board. A Red Cross unit had been formed to represent Parksville, Qualicum, Errington, Combs and Hilliers districts. A concert will be given by the Parksville Dramatic Club in Hirst Hall on November 14 and 15 in aid of the Red Cross funds. Tea was served by Mesdames Payne, Yule and Harnish.

RED CROSS

ST. MARTIN'S UNIT
A meeting was held in the Parish Hall of St. Martin's-in-the-Fields, Obed Avenue, on Thursday afternoon, for the purpose of forming a Red Cross unit in that district. Captain J. G. Corry Wood introduced the speaker, Brigadier-General J. G. Austin, who gave an outline of Red Cross work in peacetime and in wartime. Committees were formed, with Mrs. W. Gilbert as convener and Mrs. F. C. Boam, secretary, together with the following: Mesdames Davey, Butterfield, Wood, Groves, Foster, Dealey and Powell. alarm was given and the troops quickly donned masks, but kept on firing.

Picturesque figures in the company were Sir Zafrullah Khan, head of the Indian delegation, and his secretary. Each wore a maroon fez, and Sir Zafrullah wore a pair of rubber boots for getting over the muddy terrain.

BARRACKS INSPECTED
The party inspected the most up-to-date barracks in all England. An officer whispered to The Canadian Press reporter that it was "unsuitable—they call it 'Grand Hotel.'"

He explained it took forty charwomen to keep the passages clean. The visitors also witnessed examples of the all-round physical and technical training given members of the Medical Corps. This was due, it was explained, to the need that these men be fit for duties in connection with stretcher-bearing and caring for casualties under any conditions.

Will Provide for Troops' Comforts

A committee was appointed to work in conjunction with the officer commanding the district depot, Military District No. 11, for the purpose of providing comforts for troops at the outlying defence posts, at the meeting of the Britannia Branch, Canadian Legion, on Tuesday evening.

The meeting also discussed the matter of youths under the age of twenty years being included with overseas forces, and referred to the stand taken by the War Office in the Old Country regarding the age of men being sent to the front.

The question was finally referred to the district council for a general expression of opinion.

Vote \$250 to Metropolitan Church Board

The sum of \$300 was realized from the recent Fall fair held by the Woman's Association of Metropolitan United Church, it was made known in the report presented at the regular meeting held on Tuesday afternoon in the school room, with the vice-president, Mrs. F. H. Parsons, in the chair. Of this sum \$250 was voted to the church board to help with the installation of the bells.

Responding to an appeal, donations of work will be sent to the mission at Alert Bay for its bazaar, which will be held shortly. The nominating committee for the election of officers, which will take place next month, includes Mesdames M. Hammond, R. D. Smith and Margatroyd.

A silver tea will be held at the parsonage by the Alpha Group on Wednesday, December 6, and on December 2 the Fidelity Group will hold a sale of home cooking.

Women's Register Nearly Complete

TORONTO, Nov. 8 (CP).—By the end of November registration of Canadian women for voluntary service will be practically complete, Miss Margaret Hyndman, national chairman of the Voluntary Registration of Canadian Women, believes.

British Columbia opened its registration booths on October 16 and a week later questionnaires were being filled out on Vancouver Island. Volunteers in gasboats distributed the forms to the out-of-the-way places not available by train or car. Alberta began its registration on October 16. In the scattered districts volunteer horsewomen rode with the questionnaires to women who were unable to get to town during the week. Southern Saskatchewan is just finishing its registration and Northern Saskatchewan will begin next week. Organization is under way throughout Manitoba. Beginning November 14 the women of the Maritimes will volunteer their services.

Then tabulation will begin at the head office in Toronto, and early in the new year the results, compiled, tabulated and indexed, will be in readiness for the Government should they be needed.

BELMONT

At a recent meeting of the Belmont Y.P.S., an interesting discussion on "The Church's Position in the Present Crisis," was led by George Bishop. It was decided that the members form a band. The group was reminded of the rally to be held on November 18 and 19.

FIRST UNITED

The weekly meeting of the First United group was held on Tuesday evening with the president, Mary Louison, in the chair. A report of the peace conference was given by Glenys Hale, who, with Bernice Turner, was chosen to represent the society on the Youth Council. "OVER FIVE MILLION BUYERS HAVE FOUND CLOTHING SATISFACTION—"

with his label"

When 5 million buyers in 29 years find clothing satisfaction at the same source—then the label on the clothes must be important. Look for the Tip Top label on your clothes. Let it tell the world and remind you that your Tip Top clothes were individually hand-cut and tailored to your personal measurements—that you selected the fabric from over 500 British wools—that you chose the color and pattern you wanted—that you were given the opportunity to express and have carried out your wishes in styling. In short, let the Tip Top label say for you: "These clothes were made for me as I wanted them—to suit my personality—to fit only my figure!"

Canadian Nickel

A VITAL FACTOR IN CANADIAN MINING PRODUCTION

Today the stream of metals from the mines of the Empire must be kept flowing. Gold, Copper, Nickel, Lead, Zinc, Tin, are needed in increasing quantities. The mines of Canada and other Empire countries are stripped for action.

In maintaining and increasing this supply of metals, Canadian Nickel plays a vital part. In drills, mine cars and locomotives, in crushing, grinding and smelting equip-

ment, alloys of Canadian Nickel give strength, toughness and resistance to abrasion. They reduce breakages, give longer life to equipment, and eliminate wasteful shut-downs.

In the new machinery and equipment needed to speed and expand mining production, Nickel Alloys will be used in ever-increasing quantities. Thus the Nickel Industry plays its vital part in speeding Empire production.

Play-Off System Is Suggested by Boss Of the Philly Club

Gerry Nugent Makes Counter-Proposal to Larry McPhail's Plan and Suggests That Shaughnessy System Be Adopted in the Big League — Connie Mack Is Strongly Against Idea

PHILADELPHIA, Nov. 8 (AP).—Gerry Nugent, president of the Philadelphia Phillies, came up today with a counter-proposal to Larry McPhail's plan to supplant the world series with post-season games between American and National League baseball clubs according to their final standings.

It was: Why not adopt the Shaughnessy play-off system, with the winners of the final play-off meeting in a world series?

Connie Mack gave the idea as a frigid reception as he had the suggestion of McPhail, executive vice-president of the Brooklyn Dodgers.

"It's all right for the minors, but it won't do for the majors," commented the seventy-six-year-old leader of the Philadelphia Athletics.

"I'll never agree to anything but the first-place finishers playing in the world series. I disagree with any kind of play-offs."

"McPhail's plan is all wet compared to the results that have been attained by the Shaughnessy play-offs in the minor leagues," Nugent

asserted. "Why not start the regular season April 15 and end it on September 15 or 20. The final two weeks of September are always washouts at the gate except for the pennant contenders."

STIMULATE INTEREST
"The Shaughnessy play-offs would stimulate interest at this time and keep the fans pepped up for the world series. With any of four clubs in each league likely to win the title and qualify for the world series, interest among the players as well as the fans would never die."

Under the Shaughnessy system, the team finishing first in the regular season plays a best three-of-five series with the third-place club. The team finishing second meets the fourth-place club in a similar series. The winners then meet in the best-of-seven series.

Nugent said that under the Shaughnessy system the Yankees, who slaughtered Cincinnati in the world series last month, might have been eliminated by the Boston Red Sox. Maybe he has something there.

A PRESENT FROM DANZIG
Ever wondered about the word "Fahrenheit" on your thermometer?

It commemorates a native of Danzig, Gabriel Daniel Fahrenheit. He invented the mercury thermometer over 200 years ago and the Fahrenheit scale has borne his name ever since.

A "Fah", Fah", better thing than Danzig has given us recently.

Two Soccer Games Are Billed Sunday For Local Elevens

SHARING top berth with the City in the Garrison Cup soccer race, Manager Tommy Restell's Victoria West footballers will entertain "Equimult, Sunday, in one of the two league fixtures arranged by the Victoria and District Football League. At Hampton Road, Garrison will be at home to the Spanish Thistles. Dockers opened their 1939-40 campaign last Sunday with a 3-1 victory over the Rangers, and should make matters interesting for the greenhorns. Soldiers and Thistles will be gunning for their initial triumph when they battle at Hampton Road. Angus "Sooty" McKay will officiate at Bullen Park, and Joe Obee will referee at the Garrison-Thistle match. Kick-offs are set for 2:30 o'clock.

CIVILIANS TO FIELD STRONG RUGBY SQUAD

Seven "Rep" Players to See Action Saturday Against Army Rugger

With seven "Rep" players around which to build his civilian fifteen for Saturday's battle with the Army, Bob McInnes, veteran manager, who has piloted Victoria's Crimson Tide to victory in many hectic McKee-Cup battles, is not the least bit worried over the outcome of the annual Armistice Day match.

A man of action more than words, McInnes did say that he would have a strong side ready for any offensive the soldiers tossed his way.

At Work Point Barracks, local Army headquarters, everything is going along quite smoothly, with the soldiers enjoying an air of confidence seldom before shown by Army rugger.

With a number of former "Rep" stars now wearing the khaki of Canada's wartime soldiers, the Tommies will be able to field a formidable fifteen.

From the youngest bugler to the garrison sergeant-major, every soldier feels his budgie will turn the tide on the civilians. Perhaps they are right. At least they certainly think so. And by Saturday night they will know, for then, and only then, will the question be answered.

CRIME TEARS ON CAROL WELLS

CHAPTER XI

"There isn't a clue," Stone said to Craig as they walked back to the Madison house. "The police have done fine work. A well trained crew. Each had his own work to do and he did it faithfully. But with no results. No finger-prints, that amounted to anything. No broken cuff link, no tobacco ash. I wonder if Sherlock Holmes ever had to make bricks without a single straw?"

"I do think you're up against it," Craig said sympathetically. "What do you do when you're entirely stumped?"

"Begin all over again. How long will Miss Verne remain?"

"Poor child, they won't let her go. They're holding her, not as a witness, but because she was here at the time."

"It must be a strange experience for her, to meet a man, become engaged to him, and have him murdered all within a week."

"Yes. She is very brave, but I don't see why she can't be allowed to go home. She could come in from New York any time she was wanted."

"You'll have to ask the police about that. Assistant District Attorney Sutton is a very just man, perhaps he'd let her go if she asked him. How different she is since the tragedy."

"Naturally, the shock nearly made her ill."

"She doesn't look ill exactly, but different; not so much of the joie de vivre, not so much glamour."

"What girl wouldn't show grief if her fiancé was murdered?"

"But she looks like another girl."

"Oh, that's the way she does her hair now. It's the new fashion, and you know a girl of the screen has to be up to the very latest in fashions."

"She's a charming personality and I have great sympathy for her. What was that story about her going out to meet a man on the lawn at three in the morning?"

"Aren't you getting very curious, Mr. Stone? What has that to do with finding my uncle's murderer?"

"Watch your step, Craig. You are more transparent than you think. Don't you know that to evade a question is to seem unwilling to answer it?"

"Apparently you know all about that episode. But Miss Verne did not go out to meet that man. It was someone else, in her coat and hat, and it was meant, either as a very crude practical joke, or an attempt to get the girl into some real trouble."

"Do you know who did it?"

"I am pretty sure, but I have not yet proved it. I don't like to bring up such a matter with uncle's death being investigated. Aunt Cornelia has enough trouble without adding to it about that Ivy Arbor business."

"I fear Miss Madison will have many additions to her troubles in the near future."

"Do you mean that?" Craig looked greatly disturbed. "What kind of troubles? Can I do anything to ward them off?"

"I'm afraid not. But if I find I

can use your help, I will let you know."

"All right, Mr. Stone. And now what can you deduce from this grilling you have put over on me?"

"That you are madly in love with Miss Verne, that you expect to marry her after this excitement and publicity have blown over. That you were nearly frantic when you learned that your uncle had stolen your girl, and that now you don't care very much whether the assassin is found or not. You admired and respected your uncle, but your head and heart are so full of Miss Verne and her charms that you forget all else."

Craig stared at the speaker.

"Where the devil did you get all that? Did I tell it to you?"

"Unconsciously, yes. That is, most of it. The rest I deduced."

"You're a deuce of a deducer. It is part right and part wrong, and you'll have to deduce for yourself which part is which."

"They had reached the house, and as they were about to go in, Craig paused a moment, and said, 'You don't have to tell what you learned from me, do you, Mr. Stone?'

"No, Craig, not at present, anyhow. But some day soon I want you to be frank with me."

And they went in the house and took their separate ways. Stone went in search of Everett Ames. He found him in the study, his desk spread out with papers, and Ames himself looking tired and a little bewildered.

"I say, Stone," the secretary looked up from his work, "I can't do this sum. I know my limitations, and while I'm the best secretary in captivity, I can never get through with this backwash of stuff. Mr. Madison was a systematic and careful man, as a rule, but unimportant papers, he often left to take care of themselves."

"Pitch 'em out. Why worry with the unimportant ones?"

WHILE QUANTITIES LAST!

It was the small boy's first visit to the zoo, and the father was trying to teach him something about wild animals. "Now, this lion," he said, pausing by a cage—look how fierce and strong he is. Lions will attack and

devour human beings, you know." The youngster eyed the lion and the cage thoughtfully. Then he said: "Daddy, if it got out of its cage and ate you up, what's the number of the bus I must take to get home?"

A HAPPY, CHATTY TIME
"And how," asked the dear old lady, "did you boys spend most of your time when you were not in the trenches?" "Oh, chatting, mum, chatting most of the time!"

MUSICAL ARTS GIVES CONCERT

Programme Introduces Local
Talent in Performance
At Empress Hotel

The November concert of the Victoria Musical Art Society took place at the Empress Hotel last night. In its applause the audience expressed pride in the fact that Victoria was able to give a programme of such high standard from its own talent. Most interesting in the succession of good things presented was the "Eiland" cycle by A. Von Pleitz, sung by Pierre Timp, baritone, with Mrs. Timp at the piano. It was a beautiful and interesting composition. Nine songs composed the cycle. Understanding of the work was shown by both artists.

Later the same artists were heard in a group of English numbers in which Michael Head's "Sea Gipsy" found the singer most at home. Other numbers being Spross, "The Day is Done," Franco Leon's "Tally-ho," and, as an encore, "When I Think Upon the Maidens."

The Haydn String Quartette was a group of young men who make music their profession. Confident and ensemble work was represented in their playing of Mozart's quartette in B flat, "The Hunt." Later they gave a very pleasing performance of Glazounov's "Interludium in D major," which was followed by the scherzo movement from Beethoven's Opus 18, No. 4.

John Pepper, violinist, and Jean Reutley, pianist, appeared in the early part of the programme. The former opened the concert by playing the Bach-Helfetz "Sarabande" and the French transcription of Grieg's "Norwegian Dance." Miss Reutley's numbers were Purcell's "Siciliano and Hornpipe," Paganini's "The Swan" and Ireland's "Island Spell."

Dudley Wickett, president of the society, announced that the programme on December 6 would be of British music.

Mrs. Meadowcroft, of Rainford, Lancs., England, celebrated her hundredth birthday on October 8, and Victoria friends of her daughters, Mrs. N. M. Nicol, Rupert Stiles, and Mrs. Hugh Macdonald, who is at present in England, will be interested to hear of the celebration. Mrs. Meadowcroft received many letters and telegrams of congratulation and her home was a bower of flowers sent by friends and relatives.

A Royal telegram read: "The King and Queen are much interested to hear that you are celebrating your hundredth birthday, and send you hearty congratulations and good wishes." Other messages of good wishes included those from the Metropolitan United Church, the Metropolitan W.M.S. and the Metropolitan W.A. in Victoria, and a cable from her daughter, Mrs. N. M. Nicol, and family, of this city.

One of Mrs. Meadowcroft's daughters, Mrs. Nicol, had made and sent her mother a birthday cake, which was adorned with 100 lighted candles at the family celebration. The candles were lit by Mrs. Meadowcroft's daughter, Mrs. Hugh Macdonald, formerly of Victoria, and cut by the centenarian herself.

Election of officers of the Oaklands Association took place at the annual meeting held in the school auditorium, with the president, Mr. Ralston, in the chair. JAMES BAY

There was a large attendance at the monthly meeting of the James Bay P.-T.A. Association on Tuesday evening. Mrs. E. G. Day, the president, was in the chair. Dr. H. B. King spoke on the subject of the new report card which children at school will receive for the first time in a few days. Dr. King explained how this card had been introduced in order to be in harmony with the new curriculum. Letter grading had not carried any significance to the parent in the past, he said, adding that the method used in the past had been harmful to the mental growth of the child, referring to the competitive method. Dr. King closed his remarks with the statement that teachers all over the province had reported that they were coming to a better understanding of their pupils through the method now employed by the new report card, which was to bear the name of "progress card." There will be primary, intermediate and advanced gradings according to the classes of the respective pupils. After Dr. King's talk there was a short business meeting. It was decided to hold a turkey whist drive on Wednesday, December 13. Trustee F. G.

Mulliner, Colonel Perry, now a lecturer on youth training, and Mr. Tom Smith, president of Burnside P.-T.A., were visitors.
